

CFNC.org Linked Application Form 2025

A "linked campus" is a four-year NC college or university that has opted to link from CFNC.org to an external application of the campus' choice. Please read and fill out the form below carefully.

In order to better serve students, we require that the linked applications process begin in between application cycles. This is required to prevent an applicant from beginning their application on CFNC and losing all of their application data when a campus becomes linked.

Campus Name (include application type, if your campus has multiple CFNC applications):

URL to be linked to from the CFNC.org site:

Check to agree:

I understand and agree that we will have access to the CFNC application back end system, CrossConnect, so we may continue to download electronic high school transcripts and keep our campus profile information up to date on CFNC.org.

I understand and agree that if we want to come back to the CFNC.org application at any time in the future, the process could take anywhere from 3 to 6 months, depending on the time of year and the updates requested.

I understand and agree to offer support to students with application questions, and know that the CFNC call center will no longer offer this support to my campus, except to give students the campus contact information you provide for student application assistance. Please provide this information below. Two contacts are REQUIRED.

I understand that if we choose to waive application fees during College Application Week CFNC will not be able to assist with this change.
